

Scooters/Pocket-Rockets/Segways, Etc.

Property owners, their guests and renters are reminded that virtually any small vehicle that is not street legal (state licensed) is prohibited from the village roads. This includes, but is not limited to, gas/battery powered scooters, the so-called pocket-rockets which can exceed 60 mph and the little Segway scooters.

The only exceptions are golf carts, atv's and snowmobiles, all of which must be insured by the property owner, registered with the LLVPOA office and displaying a current LLV flag issued upon registration.

All flags issued must be displayed and fly above the head of the rider for safety reasons!

Should you have any questions or require any further clarification of this rule, feel free to contact any member of the Ranger/Safety/Security Committee or contact the office.
